IMPACT

Philip Victor oversees two divisions within the International Multilateral Partnership Against Cyber Threats (IMPACT). As Director, Training & Skills Development, Mr. Victor manages the design, development and deployment of courses and training curriculum targeted at cybersecurity professionals globally at IMPACT’s Centre for Training & Skills Development. Mr. Victor also oversees the development of IMPACT’s relationships between partners in the industry, international organisations, academia and governments of partner countries, as Head, Outreach.

In previous capacities, Mr. Victor led training and outreach for a national cybersecurity agency. There, he headed national cybersecurity programmes focused on increasing awareness for Internet users in the country, including enterprises, parents, children and ministries.

Mr. Victor also spearheaded national capacity-building programmes at and successfully reduced the ratio of cybersecurity professionals to Internet users in the country. Through these initiatives, he also increased the number of cybersecurity professionals in Critical National Information Infrastructure Protection-related organisations.

Mr. Victor has a bachelor’s degree in computer science and is a certified Sensecurity Institute Security Practitioner. He brings with him a total of 18 years in the IT industry and 10 years in cybersecurity. He has presented in conferences, forums and seminars globally and has published articles for publications both locally and internationally.
